

INVESTING IN INNOVATION FUND (i3)

FY 2016 DEVELOPMENT PRE-APPLICATION
OVERVIEW WEBINAR

APRIL 2016

Note: These slides are intended as guidance only. Please refer to the official documents published in the *Federal Register*.

General information

- A Frequently Asked Questions (FAQ) document is available on the i3 website: <http://innovation.ed.gov/fy-2016-competition/>.
- The FAQ document addresses many questions that applicants have asked previously. The Department may update it throughout the competition with questions that applicants submit that are of general applicability.
- The Department is unable to address applicant-specific questions at any time during the competition.
- The Department will hold a live webinar session on **May 3, 2016** at 2PM EDT. This PowerPoint address applicant questions related to the information presented today. If you have questions prior to that date, please send them to i3@ed.gov.

Overview of the i3 Grant Program

Purpose

To generate and validate solutions to persistent educational challenges and to support the expansion of effective solutions across the country and to serve substantially larger numbers of students.

Funding

\$103,100,000 (est.) to be obligated by December 31, 2016.

Overview of the i3 Grant Program

Applicants

Eligible applicants are:

- (1) Local educational agencies (LEAs)
- (2) non-profit organizations in partnership with (a) one or more LEAs or (b) a consortium of schools

Eligibility Requirements

To provide competitive grants to applicants with a record of improving student achievement, attainment or retention in order to expand the implementation of, and investment in, innovative practices that are demonstrated to have an impact on:

- Improving student achievement or student growth;
- Closing achievement gaps;
- Decreasing dropout rates;
- Increasing high school graduation rates; or
- Increasing college enrollment and completion rates

What Makes i3 Different?

- Builds portfolio of different solutions to address key challenges;
- Aligns amount of funding with level of evidence;
- Aims explicitly to scale effective programs by creating a pipeline of funding for effective programs; and
- Provides funding for required independent evaluation in order to build a common understanding of “what works.”

Types of Awards Available Under i3

*\$103.1 M (est.) to be obligated by December 31, 2016

Full i3 Development Cycle

Pre-App Period

- Department published pre-application package.
- Applicants register **early** on SAM and Grants.gov.
- Applicants develop pre-application (7 pages).
- Applicants submit pre-application through [Grants.gov](https://www.grants.gov).

- **Pre-application peer review**
- **Department announces highly rated pre-applications**

Full App Period

- Department publishes full application package.
- Highly-rated pre-applicants and other pre-applicants, if they choose, develop full application (25 pages), including project partners and evaluation plans.
- Highly-rated pre-applicants and other pre-applicants that choose to apply reconfirm registration on SAM and grants.gov
- Highly-rated pre-applicants and other pre-applicants submit full application through [Grants.gov](https://www.grants.gov).

- **Full application peer review**
- **Department eligibility review, incl. evidence and prior record of improvement**
- **Department announces highest-rated full applications**

Matching Period

- Highest-rated full applicants secure evidence of at least 50% of required private-sector match.
- Highest-rated full applicants submit evidence to the Department for approval and confirmation. (Applicants must provide the remaining 50 percent **three** months after the project start date).
- Department announces awardees.

- **Webinar for potential applicants:** May 3, 2016
- **Notice of Intent Deadline:** May 10, 2016
- **Deadline for transmitting applications:** May 25, 2016
- **Awards announced by:** December 31, 2016

Notice of Intent Link

Development Pre-Application (84.411P)

Notice of Intent Deadline: May 10, 2016

Applicants are strongly encouraged to notify us of the applicant's intent to submit an application for funding by completing a web-based form. The form can be accessed at the following URL:

https://www.surveymonkey.com/r/Q97PKP8_. Please note that you may have to copy and paste this link into your browser.

Cautions from Previous Competitions

- **SUBMIT EARLY** – The deadline for pre-applications is **Wednesday, May 25th at 4:30:00pm (Washington, DC time)**. We will reject applications submitted after the deadline, and some applicants find it takes longer than anticipated to submit in [Grants.gov](https://www.grants.gov). Please make sure that your System for Award Management (SAM) registration is active.
- Once your SAM registration is active, you will need to allow **24 to 48 hours** for the information to be available in Grants.gov and before you can submit an application through Grants.gov.
- **WRITE CLEARLY** – Peer reviewers can only judge your application based on what you tell them, clearly and comprehensively, in your application.
- **UNDERSTAND ELIGIBILITY** – We will declare applicants ineligible for funding if they do not meet all of the eligibility requirements.

i3 Has Two Types of Eligible Applicants

The entity applying for an i3 grant must be:

(a) A local educational agency (LEA);

OR

(b) A partnership between a nonprofit organization **and—**

(1) One or more LEAs; or

(2) A consortium of schools.

There is no competitive advantage to applying as one type of applicant or the other, but an applicant must meet the relevant eligibility requirements.

Some Eligibility Requirements

Apply to Both Types of Applicants

All applicants must:

1. Address one absolute priority.
2. Improve achievement for high-need students.
3. Serve students in grades K-12.
4. Meet the evidence requirement – for Development grantees: evidence of promise or strong theory.
5. Secure commitment for required private sector match – for Development grantees: 15% of the federal award.

All Eligible Applicants Must Implement Practices, Strategies, or Programs for High-Need Students

High-need student means a student at risk of educational failure or otherwise in need of special assistance and support, such as students who are living in poverty, who attend high-minority schools (as defined in the Notice of Final Priorities, Requirements, Definitions and Selection Criteria (NFP)), who are far below grade level, who have left school before receiving a regular high school diploma, who are at risk of not graduating with a diploma on time, who are homeless, who are in foster care, who have been incarcerated, who have disabilities, or who are English learners.

Note: To be eligible for an i3 award, an applicant must identify how the proposed project serves high-need student populations. However, while the definition provides examples of high-need students, it **does not attempt to define all possible populations. Applicants must identify how their project serves high-need students.**

All Eligible Applicants Must Implement Practices that serve students in **Grades K-12**

All eligible applicants must implement practices that serve students who are in grades K-12 at some point during the funding period. To meet this requirement, projects that serve early learners (i.e., infants, toddlers, or preschoolers) must provide services or supports that extend into kindergarten or later years, and projects that serve postsecondary students must provide services or supports during the secondary grades or earlier.

Note: To be eligible for an i3 award, an applicant must identify how the proposed project serves students in grades K-12 at some point during the funding period.

Some Eligibility Requirements Differ Based on Type of Applicant

- Requirements for Eligibility of an LEA
- Requirements for Eligibility of an nonprofit with one or more LEAs ; or a consortium of schools

Requirements for Eligibility of an LEA

1. LEA Record of Improvement

(a)(1) Have significantly closed the achievement gaps between groups of students;

or

(a)(2) Have demonstrated success in significantly increasing student academic achievement for all groups of students **for two different points in time.**

2. LEA Record of Improvement

(b) Have made significant improvements in other areas, such as high school graduation rates (as defined in the NIA) or increased recruitment and placement of high-quality teachers or principals, as demonstrated with meaningful data;

3. Partnerships; Private Sector Matching

(c) Demonstrate that the LEA has established one or more partnerships with the private sector, which may include philanthropic organizations, and that organizations in the private sector will provide matching funds in order to help bring results to scale

Requirements for Eligibility of a Nonprofit with one or more LEAs; or a consortium of schools

1. Nonprofit Organization Record of Improvement

If the eligible applicant is a partnership, the nonprofit organization must: Have a record of significantly improving student achievement, attainment, or retention through the assistance it has provided to an LEA or schools **for two different points in time.**

2. Partnerships; Private Sector Matching

Demonstrate that the nonprofit has established one or more partnerships with the private sector, which may include philanthropic organizations, and that organizations in the private sector will provide matching funds in order to help bring results to scale

How to Show Record of Improvement?

In order to address this eligibility requirement, applicants must provide data that demonstrates a change.

- **Applicants must provide data for at least two points in time** when addressing this requirement in Appendix C of your applications (e.g., Percentage of students earning a proficient on the state assessment was “X” in 2014 and “Y” in 2015). There is no specific format or documentation that is required; however, applicants must ensure that regardless of the format, the documentation provided meets the eligibility requirement.
- Record of improvement must show a positive improvement
- Must be student data

Additional information for Understanding Partnerships and Eligibility

Notes on Eligibility Requirements

- Applicants **do not need to address eligibility in the pre-application**, but should keep it in mind if invited to submit a full application.
- Applicants should fully address all eligibility requirements in the full application.

IMPORTANT: Applicants that do not sufficiently address the eligibility requirements in the full application will not be able to supplement their original application with additional information to meet the requirements if they are deemed ineligible.

i3 Evidence Requirements

- All applications **must meet** the evidence requirement for the type of grant they are seeking.
- Applications that do not meet the evidence requirement **will not** be eligible for a grant award, regardless of scores on the selection criteria.
- If an application does not meet the “evidence standard” of the grant type under which it was submitted, it **will not** be considered for a different type of i3 grant.

Development Grant Evidence Requirements

Pre-Application

- Applicants are not required to address the evidence eligibility requirement in their pre-applications.
- However, applicants may find it valuable to discuss the evidence in support of their proposed projects in connection with or as justification of the claimed significance or impact.

Full Application

- Applicants should provide information addressing the evidence standards in their full applications.
- Applicants submitting a full application under the evidence of promise standard should identify up to two study citations to be reviewed for the purposes of meeting the i3 evidence standard requirement and include those citations in Appendix D.
- Applicants either should ensure that all supporting evidence is available from publicly available sources and provide links or other guidance indicating where it is available; or should include copies of evidence with the full application.
- **IMPORTANT:** Applicants that do not sufficiently address the evidence requirements in their full applications will not be able to supplement their original applications with additional information to meet the requirements if they are deemed ineligible.

i3 2016 Priority Structure

- The i3 Development Notice Inviting Applications (the NIA) was published in the Federal Register on April 25, 2016.
- An applicant for a Development grant must choose one of the five absolute priorities in their pre-application.

NOTE: Applicants who choose to submit an application under the absolute priority 5 for Serving Rural Communities must identify an additional absolute priority.

- This year's competition also includes one competitive preference priority for novice i3 applicants.

i3 Development Priorities

ABSOLUTE PRIORITY 1: PROMOTING DIVERSITY

Applicants must address the following:

Under this priority, we provide funding to projects that are designed to prepare students for success in an increasingly diverse workforce and society by increasing the diversity, including racial, ethnic, and socioeconomic diversity, of students enrolled in individual schools or postsecondary programs; or, in the case of preschool, elementary, or secondary programs, decreasing the racial, ethnic, or socioeconomic isolation of students who are served by the project.

Invitational Priority (for this priority only): Designing and implementing intra-district, inter district, community, or regional programs that improve student outcomes by increasing socioeconomic diversity.

ABSOLUTE PRIORITY 2: IMPLEMENTING INTERNATIONALLY BENCHMARKED COLLEGE - AND CAREER- READY STANDARDS AND ASSESSMENTS.

Applicants must address the following:

Under this priority, we provide funding to projects that are designed to support the implementation of, and transition to, internationally benchmarked college- and career-ready standards and assessments, including developing and implementing strategies that use the standards and information from assessments to inform classroom practices that meet the needs of all students.

ABSOLUTE PRIORITY 3: IMPROVING SCHOOL CLIMATE, BEHAVIORAL SUPPORTS, AND CORRECTIONAL EDUCATION

Applicants must address the following:

Under this priority, we provide funding to projects that are designed to improve student outcomes through reducing or eliminating disparities in school disciplinary practices for particular groups of students, including minority students and students with disabilities, or reducing or eliminating the use of exclusionary discipline (such as suspensions, expulsions, and unnecessary placements in alternative education programs) by identifying and addressing the root causes of those disparities or uses and promoting alternative disciplinary practices that address the disparities or uses.

ABSOLUTE PRIORITY 4: INFLUENCING THE DEVELOPMENT OF NON-COGNITIVE FACTORS

Applicants must address the following:

Under this priority, we provide funding to projects that are designed to improve students' mastery of non-cognitive skills and behaviors (such as academic behaviors, academic mindset, perseverance, self-regulation, social and emotional skills, and approaches toward learning strategies) and enhance student motivation and engagement in learning.

ABSOLUTE PRIORITY 5: SERVING RURAL COMMUNITIES

Applicants must address the following:

Under this priority, we provide funding to projects that address one of the absolute priorities established for the 2016 Development i3 competition and under which the majority of students to be served are enrolled in rural local educational agencies (as defined in this notice).

Notes on Absolute Priority 5: Serving Rural Communities

- Please note that applicants that choose to submit an application under the absolute priority for Serving Rural Communities must identify ***an additional absolute priority.***
- The peer-reviewed scores for applications submitted under the Serving Rural Communities priority will be ranked with other applications under this priority, and not included in the ranking for the additional priority that they identified.
- This design helps to ensure that applicants under the Serving Rural Communities priority receive an “apples to apples” comparison with other rural applicants.

COMPETITIVE PREFERENCE PRIORITY: SUPPORTING NOVICE i3 APPLICANTS

Under 34 CFR 75.105(c)(2)(i) we award an additional three points to an application that meets the competitive preference priority.

Eligible applicants that have never directly received a grant under this program.

Notes on i3 Selection Criteria and Points

- The selection criteria are the criteria against which the peer reviewers score each application.
- The Department **selects grantees based on peer reviewer scores**, so clearly addressing the selection criteria is critical.
- There are **different selection criteria** for the pre-application and the full application.
- This presentation includes **just the pre-application selection criteria**.

Detailed wording for each selection criterion may be found in the Notice Inviting Applications at the i3 website: <http://innovation.ed.gov/what-we-do/innovation/investing-in-innovation-i3>

i3 Selection Criteria and Points

Selection Criteria	Development Pre-Application	Selection Criteria	Development Full Application
A. Significance	10	A. Significance	35
B. Quality of Project Design	10	B. Quality of Project Design and Management Plan	45
		C. Quality of Project Evaluation	20
Total Points	20	Total Points	100

Pre-Application Selection Criterion:

A. Significance (up to 10 Points)

The extent to which the proposed project involves the development or demonstration of promising new strategies that build on, or are alternatives to, existing strategies. (34 CFR 75.210)

Pre-Application Selection Criterion:

B. Quality of the Project Design

(Up to 10 Points)

The extent to which the goals, objectives, and outcomes to be achieved by the project are clearly specified and measured. (34 CFR 75.210)

Review Process

Pre-Application Peer Reviewers will assess all pre-applications and score two selection criteria:

- A. Significance (up to 10 points)
- B. Quality of the Project Design (up to 10 points)

Total points available – 20 points

Review Process

- Peer reviewers will read, prepare a written evaluation, and score the assigned pre-applications using the pre-application selection criteria.
- Peer reviewers are independent and come from varied backgrounds and professions including pre-K to Grade 12 teachers and principals, college and university educators, researchers and evaluators, and others with education expertise.
- All reviewers will be thoroughly screened for conflicts of interest to ensure a fair and competitive review process.

Key Requirements That Must Be Met Before an Award Is Made

The Department, before awarding i3 grants, will confirm that all eligibility requirements have been met by potential grantees, including that applicants:

- Address one absolute priority;
- Implement practices that serve high-need students;
- Implement practices that serve students in grades K-12;
- Be supported by evidence of promise or strong theory;
- Demonstrate evidence of prior improvement (different requirements for LEA vs. non-profit (partnership) applicants); and
- Provide evidence of at least 50% of the private-sector match.

Note: Applicants do not need to address eligibility in their pre-applications, but applicants should be aware that they must meet ALL eligibility requirements if they are invited to submit full applications.

Explanation of Limits on Grant Awards

Award Cap

No grantee may receive more than two grant awards or more than \$23 million in grant awards under this program in FY2016. Additionally, no grantee may receive more than one Scale-up or Validation grant in any two-year period.

Allowable Examples

- Scale-up (\$20M) + Development (\$3M)
- Validation (\$12M) + Development (\$3M)
- 2 Development (\$3M each)
- Validation in 2015 + Development in 2016

Unallowable Examples

- 2 Scale-up or Validation
- Scale-up + Validation
- Scale-up in 2015 + Validation in 2016
- 3 Development (\$3M each)

Notes:

- Applicants with more than 2 highest-rated applications may select which 2 applications receive awards
- The i3 award cap applies to the applicant; official partners and other partners may participate in more than 2 successful applications
- 2015 Validation grantees may receive up to 2 Development grants in 2016

Post Award Requirements

All Grantees Must:

- Conduct an independent project evaluation.*
- Cooperate with technical assistance provided by the Department or its contractors.
- Share broadly the results of any evaluation.
- Participate in, organize, or facilitate, as appropriate, communities of practice for the i3 program.
- Provide the Department, within 100 days of the grant award, an updated evaluation plan and management plan.

* Note: The quality of an applicant's project evaluation is also a selection criterion in the full application review.

Post Award Requirements

Uniform Guidance

- i3 Grants awarded this year will be governed by the Uniform Guidance, 2 CFR Part 200, as adopted by ED at 2 CFR 3474.

Grants.gov

- Pre- and full applications for grants under this competition must be submitted electronically using the Grants.gov site (www.Grants.gov).
- In order to apply for an i3 grant, you must complete the Grants.gov registration process. Go to the “Get Registered” link on the left hand side of the Grants.gov homepage. There will be a tutorial on this page that instructs applicants on how to complete the registration process.
- The registration process can take between three to five business days (or as long as four weeks if all steps are not completed in a timely manner).

Please register early!

Applying Through Grants.gov

- To apply for an i3 grant, go to the “Apply for Grants” link on the left hand side of the Grants.gov homepage.
- Next, follow the step-by-step application instructions. The CFDA number you will enter for Step 1 is 84.411.
- Select the application package for i3 Development Pre-Application.
- If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and keep a record of it. You can also contact them via email at support@grants.gov.

Registering for SAM.GOV

- In order to submit an application through Grants.gov, applicants must be active in the System for Award Management (SAM).
- The SAM registration process can take **approximately seven business days, but may take upwards of several weeks**, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you are submitting an application under the i3 Pre-Application competition, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.
- Once your SAM registration is active, you will need to allow **24 to 48 hours** for the information to be available in Grants.gov and before you can submit an application through Grants.gov.
- Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, the U.S. Department of Education prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.
